

ABOUT ME

Ambitious Computer Science & Engineering undergraduate with proven experience building scalable web apps, full-stack frameworks, and AI-driven solutions. Deep technical competency across Python, Java, JavaScript, and cloud-ready architectures. Demonstrated problem-solving and rapid prototyping capabilities as a two-time hackathon winner and former defense-sector tech intern. Actively seeking an entry-level software engineering or web development role within a progressive tech ecosystem.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, C, SQL (MySQL), HTML5, CSS3

Frameworks: Django, Flask, Bootstrap, REST APIs

Databases/Tools: MySQL, Relational Databases, Git, GitHub

Core Competencies: Full-Stack Development, AI/ML App Integration, Object-Oriented Programming (OOP), Data Structures & Algorithms

PROFESSIONAL EXPERIENCE

Web Development Internship, PXE, DRDO

Jun 2025 - Jul 2025

- Developed a surveillance system to identify optimal threats and targets.
- Assessed all factors to establish accurate threat levels.
- Selected the most imminent threats for immediate response prioritization.
- Collaborated with Ministry of Defence, Government of India, to enhance security measures.

AIML Internship, ITR, DRDO

May 2026 - Jun 2026

- Built a YOLOv8-based AI model for real-time human and drone intrusion detection.
- Performed dataset collection, annotation, preprocessing, and augmentation for model training.
- Improved object detection performance using deep learning optimization techniques.
- Evaluated model performance using Precision, Recall, F1-Score, and mAP metrics.
- Applied computer vision and machine learning concepts to surveillance and threat detection systems.

KEY PROJECTS

- Traffic Management System for Low-Visibility Areas
- AI-Based Crop Intelligence System
- CyberNetra - Cybersecurity Platform for Odisha Police

EDUCATION

Trident Academy of Technology

Sep 2023 - May 2027

Bachelor of Technology

- Computer Science and Engineering

Modern Public School

Mar 2021 - Mar 2023

12th

- CBSE

Modern Public School

Mar 2020 - Mar 2021

10th

- CBSE

ADDITIONAL INFORMATION

- Languages:** English, French, Hindi, Odia.
- Certifications:** Django Application Development with SQL and Databases, Developing AI Applications with Python and Flask.
- Awards/Activities:** BPUT Hackathon 2nd Runner-up (2025), Cybersecurity Hackathon Winner (2025)
